Forecast for Tuesday 19 Jan 2021

Weather: It will be cloudy with some patchy, light rain at times during the morning. Into the afternoon the rain will turn heavier and more persistent with streams and paths likely to become very wet with plenty of runoff.

Chance of cloud free mountain/hill tops above 600m: 20-30% during the morning with some breaks in the cloud, 10% during the afternoon.

Visibility: Good at low levels during the morning where it is dry but poor in patchy low cloud with base 500-600m, into the afternoon moderate or poor with more extensive cloud and heavier rain.
